

Advanced Motivational Interviewing

A Three-Day Intensive Workshop to Explore Advanced Practice, Training, and Supervision of M.I.

William Miller, Ph.D. + Theresa Moyers, Ph.D.

In-person workshop with both trainers all 3 days

October 18 –20, 2021

Sheraton Uptown Hotel, Albuquerque, New Mexico

18 CEs accredited by the American Psychological Association

Cost: \$1,000

This workshop is designed for participants with previous training and experience using MI in clinical settings. Newer users of MI will likely struggle to participate fully in practice exercises for this advanced workshop. If you are in doubt, we can discuss this with you individually. We encourage international applicants, recognizing that the workshop requires a facile working knowledge of English.

Some of the topics we will cover in this workshop:

- Offering complex reflections: how to do it and how to teach it
- Cultivating Change Talk: Advanced methods for encouraging change talk from clients
- Expression of Empathy versus Softening Sustain Talk: How to hit the balance
- When and how to maintain neutrality in people's dilemmas
- Supervising MI: A primer on what we know and tools to help
- MI in Groups: How is it the same, how is it different?

Instructors

William Miller, Ph.D. is Emeritus Distinguished Professor of Psychology and Psychiatry at the University of New Mexico. The original founder of Motivational Interviewing, Dr. Miller's distinguished career has spanned five decades, pioneering methods to inform how clinicians treat and respond to their clients.

Theresa B. Moyers, Ph.D., Clinical Psychologist and Associate Professor of Psychology at the University of New Mexico. Dr. Moyers' research focuses on the training of therapeutic skills as well as identifying causal mechanisms of Motivational Interviewing. She is co-author with Dr. Miller of the 2021 book *Effective Psychotherapists: Clinical Skills that Improve Client Outcomes*.
